POSSE MIAMI

Dear Posse Nominee:

Congratulations on your nomination for the Posse Scholarship. If you're reading this, you've just completed your first-round interview. You were nominated for a reason, and we're so glad to have met you in person.

Now that you know more about Posse, it's going to be important for you to familiarize yourself with Posse's partner colleges and universities so you can narrow down which schools you'd like to be considered for. If you advance to the next round as a semi-finalist, we're going to ask you to let us know your top choice colleges or universities.

This booklet presents a brief profile of each Posse partner school. We hope you get excited about them; they are among the very best institutions of higher education in the United States. Take a look, but also research these schools further on your own.

Good luck and we'll be in touch soon,
Posse

CONCEPT

Posse started in 1989 because of one student who said,

“I NEVER WOULD HAVE DROPPED OUT OF COLLEGE IF I HAD MY POSSE WITH ME.”

The Posse Foundation identifies public high school students with extraordinary academic and leadership potential who may be overlooked by traditional college selection processes. The Foundation extends to these students the opportunity to pursue personal and academic excellence by placing them in supportive, multicultural teams—Posses—of 10 students. The Foundation’s partner colleges and universities award Posse Scholars full-tuition leadership scholarships.

THREE GOALS

1. To expand the pool from which top colleges and universities can recruit outstanding young leaders from diverse backgrounds.
2. To help these institutions build more interactive campus environments so they can become more welcoming for people from all backgrounds.
3. To ensure that Posse Scholars persist in their academic studies and graduate so they can take on leadership positions in the workforce.
